Join us for a delightful weekend of insights, fun and community with mighty companions. The Radiant Love within us can become obscured in a world we sense is not our true home. *A Course in Miracles* offers us a return to our true home, to Radiant Love. Throughout this weekend our path home will be lit by nine inspiring teachers who will each lead us to real vision.

This year we are being shown, in vivid technicolour, that the world is really not our home. Whilst this global lockdown seems frightening, it can also be seen as an opportunity to slow down and pay attention to what is going on in our minds. And social distancing does not have to mean social isolation; in fact, it can mean quite the reverse. With all this in mind, we have decided that the 2020 conference will go ahead as scheduled, creating the perfect space for us to take this opportunity to heal. But rather than at Latimer Place, the conference will now take place online.

Now  
Online.  
Reduced  
prices.

Miracle Network has discovered over the past month that the Zoom format is an extremely effective and immersive way of communicating and running online workshops. And in order to make the experience as live and vibrant as our usual conferences, our speakers have agreed to make their sessions highly interactive with an emphasis on joining and sharing.

Zoom is easy to use, and free to install. And due to our considerable cost savings, we can offer the conference at a fraction of the price.

All inclusive price: £45 Price per day: £30
